

Graduate in project management/ system integration

To strengthen our team at our headquarters in Sulzbach/Taunus near Frankfurt/Main, we are looking for **university students in (business) informatics/economics/industrial engineering** or a comparable field of study in the area of project management and system integration to start as soon as possible.

The activities can be carried out as part of an internship or diploma/Bachelor's thesis or Master's thesis (duration at least 2–3 months) or as a working student activity.

Your topics

Are you interested in how modern standard software solutions are integrated into different system landscapes? Would you like to see how we configure or adapt our complex software based on customer requirements? Would you like to know what project managers focus on in practice? Then we should get to know each other.

Support us in the further development and integration of our modern system solutions for the investment industry. We coordinate the topics individually with you and are happy to help with the selection. We will provide you with a personal contact person for the duration of your assignment.

Your profile

- ▶ Knowledge of requirements engineering
- ▶ Prior knowledge of project management
- ▶ Ideally first experience in software development
- ▶ Understanding for financial markets
- ▶ Good MS Office skills
- ▶ Good language skills in German and English, both written and spoken
- ▶ Motivation, commitment, and flexibility
- ▶ Structured and independent way of working

Our offer

We offer you a modern, attractive, and secure workplace with exciting and varied tasks and projects, and flat hierarchies with short decision paths as well as plenty of room for the development and evolution of your personal and professional strengths.

You can expect a pleasant working environment in air-conditioned offices equipped with the latest technology in a convenient location. The induction phase with your own mentor will give you a smooth start. We support your work–life balance with a flexible working time system, 30 days of annual paid leave, special leave, and remote working options.

Our offer is rounded off by an attractive and performance-oriented remuneration as well as further benefits such as meal allowance, free underground parking, complimentary beverages and fresh fruit, various employee events, and much more. Relaxation during your breaks can be achieved in the modern, fully equipped “Get together kitchen”, in our creative room with billiards and table football, or in the nearby Main-Taunus Centre.

Don't hesitate to get in touch so that you can see for yourself. Please send your application stating your salary expectations and earliest starting date to: job@diamos.com.
